

REFLECTION

— SERIES —

A custom designed bronze plaque, can retell the memories of an individual, organisation or historical event, through the use of photographic or digital images. By supplying your personal images, our professional design team are able to create a bespoke bronze plaque that best reflects what it is that you wish to commemorate; a loved one, sporting club, service organisation or a community or historical event.

Our professional design team are able to create a reflection series plaque by the use of a single image or multiple images and the casted bronze plaque is both meaningful and lasting. Images can be overlaid or spaced upon the plaque to create a timeline of memories or events, and with the inclusion of wording and dates, the plaque will create a lasting and enduring way of memorialisation.
